## EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

In claim 13,line 8, *delete - **complimentary-**, insert -**complementary-***

In claim 15,line 8, *delete - **complimentary-**, insert -**complementary-***

### REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: The instant invention comprises a system for synchronously delivering complementary data, wherein a control unit measures a first and second delay, associated with a first and second complementary data stream, respectively. Further, first and second complementary data streams are delivered to first and second devices, respectively, wherein the first device is a vehicle navigation system. The closest prior art, Santoro et al., US Patent No. 7,028,264, discloses simultaneous display of multiple information sources but fails to explicitly disclose delivering first and second complementary data streams with specific time delays to different devices, wherein the first device is a vehicle navigation system.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Santoro et al., US Patent No. 7,028,264, discloses a system and method for simultaneous display of multiple information sources.

Ozone et al., US Patent No. 5,990,933, discloses an apparatus and method for storage and playback.
